SHALDON PARISH COUNCIL
Playpark Committee

Now that Shaldon Parish Council have assumed responsibility for the care and maintenance of our village playpark in King George V Playing Fields, we are seizing the opportunity to launch a new fundraising campaign. We want to transform our rather sad looking children's playpark:

into something more like this…

with lots of new, exciting and diverse play equipment for all our children to enjoy and a much better environment for all park users. The Playpark Committee are now in the middle of approaching local and national Charitable Trusts and other grant–awarding bodies, along with our brilliant local businesses, to help us raise the funds we need for this epic renovation. We will shortly be starting the crowdfunding stage of that fundraising - so watch this space!
